As at 12 June 2019, commitment and expenditure is as follows:

Contractor/Program Type	Budget	Committed	Expended
Panel Contractors*	\$10 million*	\$3.12 million	\$1.60 million
Stimulus Businesses	\$70 million	\$5.47 million	\$3.37 million
Town Camp Contractors**	\$10 million	\$9.85 million	\$8.34 million
Transitional Accommodation***	\$5 million	\$0.85 million	\$0.85 million
Operational****	\$5 million	\$0.13 million	\$0.13 million
Totals	\$100 million	\$19.42 million	\$14.29 million

* Panel contracts capped at \$10 million for the program

** Town Camp contractors can be panel contractors, registered stimulus businesses and non-registered/non-panel contractors

*** Transitional accommodation budget is \$5 million, with unspent funds going back into the stimulus budget

**** Operation budget is \$5 million, with unspent funds going back into the stimulus budget

The following report shows all works (panel, stimulus businesses and town camp contractors) awarded under the \$100m public housing stimulus by location, type of works and business.

Works awarded to departmental trade panel contractors has been capped at \$10 million under this program, and was primarily used at the start of the program and where non-panel contractors do not have capacity to carry out stimulus works.

In the early stages of the program some works were awarded to and completed by businesses that may not specialise in the type of work awarded (i.e. painting businesses doing driveways etc). Controls around business selection for quotes have been tightened in order to mitigate this.

Businesses are provided with an equal opportunity to quote on works that they specialise in, in the region which they are located, however value for Territory will always determine which business is awarded the works.
